**Subject:** RE: CSTAG

Karyllan –Lower Passaic River/ Diamond Alkali does appear on CSTAG’s list of sites that warrant review:  
[http://www.epa.gov/superfund/health/conmedia/sediment/cstag\\_sites.htm](http://www.epa.gov/superfund/health/conmedia/sediment/cstag_sites.htm)

There is a second list of sediment sites “with substantial contamination.” I am not sure why the Site is not on this other list, found at: <http://www.epa.gov/superfund/health/conmedia/sediment/sites.htm>

The second list seems to be somewhat incomplete/out of date. It has been brought to CSTAG’s attention that the two lists are not consistent so perhaps changes will be made.

Sarah -

Would it be possible for you to find out why the LPRSA is no longer listed on the CSTAG site? Also, just a heads up that another FOIA request will be submitted in the next day or two.

Thanks,  
Karyllan
